*Most students transition from their primary school to Emerald High with ease, while others need additional support. During semester 2, the ESHS Learning Support team and Bridget Ryan (Head of Year) will be meeting with staff from each primary school to identify any students with additional or diverse needs. Together, they will organise individual transition activities that would best support your child as they enter Emerald State High School. Both staff at the primary schools and Emerald High will be working together to make this transition successful.*
